Don't cry for me when I'm gone  
Keep the faith and be strong  
'Cause through it all I've been blessed  
I faced my fears and I've passed the test  
So when you look up in the sky on a sunny day  
Imagine me drifting away

I'll be sailing on the ships of heaven  
When the tide rolls out for the last time  
You'll find me sailing on the ships of heaven  
Waiting for the day I come sailing back to you

Remember all the times we had  
Some were great and some were sad  
But you know that in the end  
Our love was stronger then when we began  
No unforgiven sins and no regrets  
Just the times of our lives that we'll never forget

I'll be sailing on the ships of heaven  
When the tide rolls out for the last time  
You'll find me sailing on the ships of heaven  
Waiting for the day I come sailing back to you

I'll be sailing on the ships of heaven  
When the tide rolls out for the last time  
You'll find me sailing on the ships of heaven  
Waiting for the day I come sailing back to you

When the tide rolls out for the last time  
You'll find me sailing on the ships of heaven  
Waiting for the day I come sailing back to you

Sailing on the ships of heaven  
On the ships of heaven  
Sailing on the ships of heaven  
I come sailing back to you  
Sailing on the ships of heaven  
I come sailing, I come sailing back to you  
Sailing on the ships of heaven

Sailing on the ships of heaven

Sailing on the ships of heaven

Sailing on the ships of heaven
