[Knightowl]

Watch me creep and snipe mothafucka
Don't believe the hype
Cause that shit's not alright
Around my hood alot of fools be fuckin braggin
Actin loc puffin smoke Ben Davis saggin
Bald headed I becomin leavin em shredded
Mess around and you won't live to regret it
Cause I be evil just like Kenevil
And you know that fuckin ass I got to whip it like D-BO
Whip it good through out all the fuckin neighborhood
Bitches back stabbin always be the ones braggin
But I got some thing for that ass I'll be ready
To give a mothafucka bad dreams just like Freddy
So when you see me
I think you best believe that a fool like myself
Will always rock them fuckin belts
Knightowl be the lokest
Bringin all the drama
And to those that disagree
Bitch go fuck your momma

[Chorus]

What's my name
The Baddest Mothafucka
And who I be
That mothafuckin OG
You can't mess with the mothafuckin real
So listen to the shit that I reveal
[2x]

[Knightowl]

Alot of people talk smack
But never back it up
I'm the kind to rip it up
And you're the kind to give it up
I'm leathal like venom
Lead I put in em
Do you wanna mess with this bald headed felon
Think about it
You'll end up in some plastic

Cause shit around my side of town
Is always getting drastic
Why play the role
And be a fuckin hero on a mission
I think you better just keep wishin
You haven't got a chance
When you're messing with a criminal like me
The K the N the I the G-H-T
O-W-L bustin slugs on my enemies
I'm cuttin them up like if they was a bisectimy
I don't give a mad fuck about you life
So why in the world would I respect your fuckin wife
Fuck the both of you
And if you got kids fuck them too
Nigga now watcha gonna do

[Chorus]

[Knightowl]

It be my last time around on this mothafuckin track
I'm bustin lyrics like a mothafuckin gat
The sounds that I be bringin
Excites me when I flow
Straight out the fuckin 19 0 4
You couldn't compete
You couldn't beat me with your mothafuckin hand
So sit that ass down or become part of the land
I'm unfadable, some say I'm very hatable
2 bitches datable
You know my dick's available
Open them legs and let me put my prick inside
I'll do you like a doggy
Bitch and then I'll let you ride
Hoes ain't shit but a mothafuckin past time
They come to easy like a mothafuckin fast rhyme
Out of my mind I carry like a blade
Blowin em up like gernades
I kill like fuckin aids
So learn who you mess with
And who you fuck with
Unless you wanna be another fuckin myth

[Chorus]
