The road I have traveled on  
Is paved with good intentions  
It's glittered with broken dreams  
That never quite came true

When all of my hopes were dieing  
Her love kept me trying  
She does her best to hide  
The pain that she's been through

When she cries, at night  
and doesn't think that i can hear  
but She tries, to hide  
All the fear she feels inside  
So I pray, this time  
I can be the man that she deserves  
Cause I die, a little each time  
When she cries

She's always been there for me  
When ever I've fallen  
When no body else believes  
She'll be there by my side  
I don't know how she takes it  
Just once I'd like to make it  
Then there'll be tears of joy  
To fill her loving eyes

When she cries, at night  
and she doesn't think that i can hear her  
but She tries, to hide  
All the fear she feels inside  
So I pray, this time  
I can be the man that she deserves  
Cause I die, a little each time  
When she cries

So I pray, this time  
I can be the man that she deserves  
Cause I die, a little each time  
When she cries
