### "Black Light Revolution"

I cannot see an end,  
The cycle's neverending now.  
Just like a pilotflame,  
'Cause all the worst is yet to come.

... and I can see it clear.  
... it's all your hate, I fear.  
... you haven't reached the light.

Just like a nuclear war,  
The blacklight taken it's toll.  
Just like a silent freefall,  
The revolution will come.

I hope you sleep at night,  
Your habit's growing from now on,  
As far as I can see,  
You'll never leave the throne alone.

... now I can see it clear.  
... it's all your hate, I fear.  
... you'll never reach the light.

Just like a nuclear war,  
The blacklight taken it's toll.  
Just like a silent freefall,  
The revolution will come.

Your life get's shorter by the hour...  
I spread my wings on which I've flown...  
Your life was hanging by a thread...  
And then you blew it on your own...
