[Dr. Dre]

Y'all ready to get dirty?
Do y'all really wanna get X-rated?
Heh, bottoms up

[Mimi]

Just hit me up when you need
Sex, endo and Hennessy
Won't you just put it on me
Undress on yo company
(Come on baby) Put it on me
Relax and come chill with me
Kick back I got what you need
Won't you just put it on me

[Dr. Dre]

We back, we mack, stay blunted
Knee pads, yo hoes they wanted
Penthouse two o'clock eleven hundred
It aint no fun if I can't reroute your hoes in this direction
Swerve in the intersection, I'm done she restin
No question, done session
Home wreckin, Doc motherfuckin Dre no guessin
Nothin less than, I mess when I'm sexin
Bang on the block
Even Asian bitches like to bang cock
Draws drop, she bunny hops
On it like a pro, she comes out the clothes

[DJ Quik]

But, uh, she flips the dildos
Whether in the Pumps, Nikes or the steel toes
Dre, you can spot it in the benzos
Squawtin real low, got me drivin real slow, she's a real
ho
And even though her parents spent the fat chip
On that private school chip
She graduated, got some thug dick and flipped
No more checkered sweater, vest and plaid skirts
She's out here naked more or less and that hurts
But she's in good hands, cause Suga Free palmin

He sent her to the Sheraton with Thomas
If you need 'em they at 310-629-9755
You hit 'em and they let you know when she's arrived
Oh she okay she just runnin an errand
With this Portuguese dime piece named Karen
Bouncin through the mall, spottin 'em all
A sucker for a dick sucker ready to fall
For a daughter like yours
Got him pattin his pocket and comin out his drawers
Layin his jacket on puddles, openin the doors
All for what?
Because I promised her my name gave her the game
and still aint fucked

[Mimi]

Just hit me up when you need
Sex, endo and Hennessey
Won't you just put it on me
Undress on yo company
(Come on baby) Put it on me
Relax and come chill with me
Kick back I got what you need
Won't you just put it on me
(Come on baby) Put it on me
Fuck everybody let's just go
(Come on baby)
We can get drunk, have some fun and blow some
smoke
(Come on baby) My spot is close, c'mon lets roll
(Don't trip) I'll keep it on a low, ahh

[DJ Quik]

Now we just kickin back playin on some PS2
Contemplatin the game Dre and me best do
If you feelin froggies then leave when we test you
But I'm guaranteein you bitches leavin three less two

Speed bag the clit, leave it black and blue

Creep late nights up in hotel rooms
We drank, eat shrooms
Kill something, crank the volume

Why you being dick greedy? Tag team bitch
