Dr Dre
"Times Are Tough In Rock N' Roll"

Times are tough in rock n roll
Beer can't be bought
Wine can't be sold
Thousand lies are getting' told
Times are tough in rock n roll

I keep on walkin' my country mile
I got my head up all the while
Some would like to cramp my style
I keep on walking my country mile

Reason is to feel this way
Rollin' Stone has seen it's day
All my feelings, all my fears
Were confirmed with Britney Spears

Me and the boys are in the band
We're out seein' this great land
We're not in the hit parade
Ain't nobody gettin' paid

Times are tough in rock n roll
Times are tough in rock n roll
I keep on walkin' my country mile
I got my head up all the while

Some would like to cramp my style
I keep on walkin' my country mile

Times are tough in rock n roll
Beer can't be bought,
Wine can't be sold

Thousand lies are getting told
Times are tough in rock n roll
