What we gonna do about us
What we gonna do about us
What we gonna do about us
What, what, what, what

Baby what's it gonna be, oh yeah...

Baby never thought the day would come
(Never thought the day would come)
Tired of being too young (tired of being too young)
Where's this feeling coming from (yeah)
Like the way I'm feeling now
I never thought that this would be -
