What's the difference between me an' you?  
What's the difference between me an' you?

Back when Cube was rollin' wit Lorenzo in a Benzo  
I was bangin' wit a gang of instrumentals  
Got the pens an' pencils, got down to business  
But sometimes the business end of this shit  
Can turn your friends against you

But you was a real nigga, I could sense it in you  
I still remember the window of the car that you went  
through  
That's fucked up but I'll never forget the shit we been  
through  
An' Imma do whatever it takes to convince you

'Coz you my nigga, Doc an' Eazy I'm still wit you  
Fuck the beef, nigga, I miss you an' that's just bein' real  
wit you  
You see the truth is everybody wanna know how close  
Me an' Snoop is an' who I'm still cool wit

Then I got these fake-ass niggaz I first drew with  
Claimin' that they non-violent, talkin' like they  
[Incomprehensible]  
Spit venom in interviews, speakin' on reunions  
Move units, then talk shit an' we can do this

Until then I ain't even speakin' your name  
Just keep my name outta yo' mouth an' we can keep it  
the same  
Nigga, it ain't that I'm too big to listen to the rumors  
It's just that I'm too damn big to pay attention to 'em  
That's the difference

What's the difference between me an' you?  
You talk a good one but you don't do what you  
supposed to do  
I act on what I feel an' never deal wit emotions  
I'm used to livin' big dog style an' straight coastin'

What's the difference between me an' you?  
You talk a good one but you don't do what you  
supposed to do  
I act on what I feel an' never deal wit emotions  
I'm used to livin' big dog style an' straight coastin'

Yo, I stay wit it while you try to perpetrate, play wit it  
Never knew about 'The Next Level' until Dre did it  
I stay committed while you motherfuckers babysitted  
I smash you critics like a overhand right from Riddick

Come an' get it, shitted on villains by the millions  
I be catchin' bitches while bitches be catchin' feelings  
So what the fuck am I supposed to do?  
I pop bottles an' hot hollow points at each an' all of you

A heartless bastard, high an' plastered  
My style is like the reaction from too much acid  
Never come down, pass it around if you can't handle it  
Hang Hollywood niggaz by they Soul Train laminates

What's the difference between me an' you?  
About five back accounts, three ounces an' two  
vehicles  
Until my death, I'm Bangladesh  
I suggest you hold yo' breath 'til ain't none left  
Yo, that's the difference

What's the difference between me an' you?  
You talk a good one but you don't do what you  
supposed to do  
I act on what I feel an' never deal wit emotions  
I'm used to livin' big dog style an' straight coastin'

What's the difference between me an' you?  
You talk a good one but you don't do what you  
supposed to do  
I act on what I feel an' never deal wit emotions  
I'm used to livin' big dog style an' straight coastin'

Aight, hold up, hold up, stop the beat a minute  
I got somethin' to say, Dre, I wanna tell you this shit  
right now  
While this fuckin' weed is in me  
I don't know if I ever told you this but I love you, dog  
I got your motherfuckin' back, just know this shit

Slim, I don't know if you noticed it  
But I've had your back from day one, nigga, let's blow  
this bitch  
I mean it, dawg, you ever need somebody offed, who's

throat is it?  
Well, if you ever kill that Kim bitch, I'll show you where  
the ocean is

Well, that's cool an' I appreciate the offer  
But if I do decide to really murder my daughter's  
momma  
Imma sit her up in the front seat an' put sunglasses on  
her  
An' cruise around wit her for seven hours through  
California

An' have her wavin' at people, then drop her off on the  
corner  
At the police station an' drive off honkin' the horn for  
her  
Raw dog, get your arm gnawed off  
Drop the sawed off an' beat you wit the piece it was  
sawed off of

Fuck blood, I wanna see some lungs coughed up  
Get shot up in the hot tub 'til the bubbles pop up  
An' they nose an' cough snot up, mucus in hot water  
That's for tryin' to talk like 'The Chronic' was lost  
product

That's for even thinkin' of havin' them thoughts thought  
up  
You better show some respect whenever the Doc's  
brought up  
So what's the difference between us? We can start at  
the penis  
Or we can scream, "I Just Don't Give A Fuck" an' see  
who means it

What's the difference between me an' you?  
You talk a good one but you don't do what you  
supposed to do  
I act on what I feel an' never deal wit emotions  
I'm used to livin' big dog style an' straight coastin'

What's the difference between me an' you?  
You talk a good one but you don't do what you  
supposed to do  
I act on what I feel an' never deal wit emotions  
I'm used to livin' big dog style an' straight coastin'  
What's the difference between me an' you?
