Round like the sun
Cold like the moon
Dancing to high tune
[You are the king you the queen
Your disguise never seen
We like you we love you we admire you
Dollar dollar dollar dollar] -2
You are the king...
[You are the wheel of the platter
You are the thief and the catcher
On all bad things you are wrapper] -2
Dollar dollar dollar dollar
You are the king you the queen
Your disguise never seen
We like you we love you we admire you
Dollar dollar dollar dollar
You are the king...
[You are the youth of old
You are silver you are gold
Without you nothing is sold] -2
Dollar dollar dollar dollar
You are the king you the queen
Your disguise never seen
We like you we love you we admire you
Dollar dollar dollar dollar
You are the king...
[Preaching the religion of wealth
Keeping your locket under felt
Would worship you for our health] -2
Dollar dollar dollar dollar
You are the king you the queen
Your disguise never seen
We like you we love you we admire you
Dollar dollar dollar dollar
You are...
