Year two thousand
July one seven bestowed me the grandson
Come on come every one lets have some fun
For the moment let us shed all our worry
Lets eat the cake and share the curry
Happy birthday happy birthday
Happy happy happy birthday Max Chaudhry
Riding New Hammer car pedalling fast in the lobby
Now its the age you give Shreyas toy car and hobby
Atop the bicycle passing through the street
Wind blowing high easing the scorching heat
I w'll follow in my car keeping an eye on you
Happy happy birthday Max happy birthday to you
You are the singer you are the actor
Thumping dancer bumping bector
Your videos on You Tube
With the audience so huge
Abacus of maths Newton of physics
Just any ball you get goes fast for six
A lot of friends making que
Happy happy birthday Max happy birthday to you
July one seven bestowed me the grandson
Come on come every one lets have some fun
For the moment let us shed all our worry
Lets eat the cake and share the curry
Happy birthday happy birthday
Happy happy happy birthday Max Chaudhry
