[My heart is a vegabond
Don't know where it w'd find the mate]-2
[Chased by the dames playing all games
So many tricks it couldn't be tamed]-2
Doesn't understand the love signals
Don't know where it w'd find the mate
My heart is a vegabond
Don't know where it w'd find the mate
[What a clown No home no town
Nowhere on the earth nor on the sky]-2
Its a star gone astray
Don't know where it w'd find the mate
My heart is a vegabond
Don't know where it w'd find the mate
A day was better found mate on the platter
Made phone calls priests were on strike
So unlucky is the crap
Don't know where it w'd find the mate
My heart is a vegabond
Don't know where it w'd find the mate
