[The ways of life are filled with tears
Go tell her to forget we had happy years]-2
The ways of life...
[Forget the promises she ever made
Values of passion she ever had bade]-2
Life has sorrows where are the cheers
Go tell her to forget we had happy years
The ways of life are filled with tears
Go tell her to forget we had happy years
The ways of life...
[I am the thesis of catastrophe
Semblance of pleasure never meant for me]-2
Let you be happy me live in fears
Go tell her to forget we had happy years
The ways of life are filled with tears
Go tell her to forget we had happy years
The ways of life...
