You remain in my mind day in and day out  
I fail to make out what I think about  
What I think about day in and day out  
You remain in my mind day in and day out  
How restless I feel while you aren't around  
Heart fails to beat I hear no sound  
What the magic your love is bestowed  
I find my wits to you toed  
You remain in my mind day in and day out  
I fail to make out what I think about  
What I think about day in and day out  
You remain in my mind day in and day out  
I keep searching you every where every moment  
My craze accelerates every breathe every event  
Get into my heart with all feelings sort  
Then make with me your life chart  
You remain in my mind day in and day out  
I fail to make out what I think about  
What I think about day in and day out  
You remain in my mind day in and day out
