First patient, pull out the skull, remove the cancer
Breakin' his back, chisel necks for the answer
Supersonic bionic robot voodoo power
Equator ex my chance to flex skills on Ampex

With power meters and heaters gauze anti-freeze
Octagon oxygen, aluminum intoxicants
More ways to blow blood cells in your face
React with four bombs and six fire missiles

Armed with seven rounds of space doo-doo pistols
You may not believe, livin' on the earth planet
My skin is green and silver, warhead lookin' mean
Astronauts get played, tough like the ukulele

As I move in rockets, overriding, levels
Nothing's aware, same data, same system

Controlled by gamma light
Controlled by gamma light
Controlled by gamma light
Controlled by gamma light

Earth people, New York and California
Earth people, I was born on Jupiter
Earth people, New York and California
Earth people, I was born on Jupiter

Earth people, New York and California
Earth people, I was born on Jupiter
Earth people, New York and California
Earth people, I was born on Jupiter

Controlled by gamma light
Controlled by gamma light
Controlled by gamma light
Controlled by gamma light

Now my helmet's on, you can't tell me I'm not in space
With the National Guard United States Enterprise
Diplomat of swing with aliens at my feet
Comin' down the rampart through beam on the street

Obsolete computes, compounds and dead sounds
As I locate intricately independent
Economic rhymer got savory store food
In capsule D my program is ability

For a reaction and response to a no-one
Identification code, unidentified
I got cosmophonic, pressed a button, changed my face
You recognized, so what? I turned invisible

Made myself clear, reappeared to you visual
Disappear again, zapped like a android
Face the fact, I fly on planets every day
My nucleus friend, prepare, I return again
My 7xl is not yet invented

Earth people, New York and California
Earth people, I was born on Jupiter
Earth people, New York and California
Earth people, I was born on Jupiter

Earth people, New York and California
Earth people, I was born on Jupiter
Earth people, New York and California

Space ranger, contact tubes, send synthetics
I program one and go to earth through the fax machine
My number's 7097556EL3
Computer file, 93

Digital level, standing on the terminal
Upside down through polygons fightin' Pentagons
Changin' blue skin, my brown color's comin' back
I'm psychedelic this time, come in rainbow

Look at the green lights and y'all see my brain glow
Five colors, yellow, black and red and green, purple

Earth people, New York and California
Earth people, I was born on Jupiter
Earth people, New York and California
Earth people, I was born on Jupiter

Earth people, New York and California

Earth people, I was born on Jupiter
Earth people, New York and California
