Yeah, when I dunk across  
When I show you the bowl  
When I show you the floor  
G A M E, spells game

You know the bass is out, you ain't got game  
I'm droppin' words on beats, they come in thick game  
The little flavor they use, they ain't got game  
Long face or not, you be in the big game

Sweet on my feet, I float like Sugar Shane  
You never get up the hill, on the Hall of Fame  
E-40 my man, he did 'Tha Hall of Game'  
Players rock the stage, while the ballers bang

Pretty ladies they hang  
While you droppin' them thangs  
Non-stop rocka, rocka, rocka  
When I get up, they spot me

G A M E spells game  
(Since it started, I've been in it)  
N A M E spells name  
(Yeah, that's me and don't forget it)

F A M E spells fame  
(Whatever it takes, I'ma get it)  
G A M E spells game  
(Just pass me the rock and watch me hit it)

Peter Piper picked pickles and Keith rocked rhymes  
Move around, get away, you need to get game  
In the pay game, give it up game  
Still I flip a brain in a powerful lane  
Like a powerful train, you can't handle my pain  
I put a stain on your name, leave you out in the rain

Let my photos remain, like the key yo  
Stuck to a key chain  
Nothin' but the net from the 3  
Chang-a-lang-a-lang-a-lang, bobba-la-bang-bang

Shockin' the ways, rockin' them days  
Sparkin 'em pays, yo  
Freeze, turn to 3's, on your knees  
As free throws turn to bees

G A M E spells game  
(Since it started, I've been in it)  
N A M E spells name  
(Yeah, that's me, don't forget it)

F A M E spells fame  
(Whatever it takes, I'ma get it)  
G A M E spells game  
(Just pass me the rock and watch me hit it)

Break down the bass lines, girls check your hang time  
Double dribble and fizzle, humble and fumble  
If you go out, let it all hang  
And sweat like a freebird on the 6th man

Don't get jealous, stop messin' with my good name  
I'm out here with sharp arts and a booty aim  
Watchin' 'The Hall of Fame', the big show got me  
insane  
Threes to burn leave you in flame like chargin' a freight  
train

Little game or big game  
Who's runnin' the blitz game?  
Triple double game  
30 to 8 game, don't be late, mayne

G A M E spells game  
(Since it started, I've been in it)  
N A M E spells name  
(Yeah, that's me, don't forget it)

F A M E spells fame  
(Whatever it takes, I'ma get it)  
G A M E spells game  
(Just pass me the rock and watch me hit it)
