Kool Keith

Back with a special report from CNN  
With the most and latest design from Sputnik  
Futnik

Chemicals and usages, gastric juice, es  
NASA's testing system can't stop the missile wisdom  
Mysterious hydraulic overdrip Mars administer  
General of the East, flyin' over the wicked witch

Beyond alien height  
I see through your planet with space light  
Green men on the left, one makin' a right  
Investigation under the curricular  
The entire existence, my directing aim is particular

Buy dark forces, the United States army's best  
Commanders, all private first class  
The UFOs fight the probes, with silver and gold  
uniforms  
Protected under government sources, of course it's for  
horses

Highway abduction  
Red lights at the intersection  
Aliens trading machines for diesel engines

Deserted, dishin' in control, my formula's compact  
Attack you on 72nd street, with X-ray vision  
With geometrical arrangement  
Dinosaur fossils that burn like gas on the pavement

Chapter XV, invisible orchestrator  
In the solar system, you can't see me  
Photograph of the Earth look like a baseball

With samples of feces  
From the Loch Ness monster but nobody believe me  
The CIA circuit breakers, business suits, arrangements  
Astronauts work the button get off at Mars control

The mission station from the elevator

Explain pipes through the ceiling  
Lime green metallic faces and spaceships  
With carburetors, carburetors

Highway abduction  
Red lights at the intersection  
Aliens trading machines for diesel engines  
Kenworths with wings

Highway abduction  
Red lights at the intersection  
Aliens trading machines for diesel engines  
Kenworths with wings

Incredible as the vile, Richard CK Coleman  
The research center  
Consultation is coming under the circumstance  
Economy relationships with 18 ships

With remarkable energy  
That's the donut geometry, monuments in pieces  
With giant networks controllin' future releases

Compatible to rolled, the moon will still turn cold  
With rocks and minerals, 800 million years old  
Minefields, gettin' scanned through bar codes  
Trucks takin' boxes

Ukrainian barrels with chemicals home  
Disappear on my clothes  
Out there, six different galaxies  
You out there, no one knows, no one knows

Highway abduction  
Red lights at the intersection  
Aliens trading machines for diesel engines  
Kenworths with wings

Highway abduction  
Red lights at the intersection  
Aliens trading machines for diesel engines  
Kenworths with wings
