Yeah, Kool Keith  
With special guests  
We comin' through

My mental, mental, mental side effects  
Without a flaw we give you more  
My mental, mental, mental side effects  
We come first, you drool with thirst

My mental, mental, mental side effects  
You drool with thirst, who come first?  
My mental, mental, mental side effects  
We give you more without a flaw

My mental pressure for lesser lookin' over the wall  
Starin' at the dresser it's open and dope and you hopin'  
Up down and broken on crack tokin' to smokin' my  
songs  
Battle the pain, contain and claim and train and aim

The same trade, upgrade relayed contacts metaphor  
Complex, kind of sore  
For sure, for tour, for many but more, my shirt, Velour  
Explore top chicks, white chicks, black chicks

You move skip flip switch first it's grab your purses  
Rehearse this, reimbursement, top lyrical president  
Swap evidence, Testaments in memory of, the Man  
above  
Style precise, ladies in love, relax in tub

My mental, mental, mental side effects  
Without a flaw we give you more  
My mental, mental, mental side effects  
We come first, you drool with thirst

My mental, mental, mental side effects  
You drool with thirst, who come first?  
My mental, mental, mental side effects  
We give you more without a flaw

Me not care about devil thrills, we wield clever quills

Pop a wheelie spin out peelin' rubber wheels  
We on hidden planets, with a cosmic vision  
While you at the crick in the woods eatin' chicken

Spockavelli, you country like pumpkin toss  
You with mics, like hot wings with no dunkin' sauce  
Fakin' moves, you bluffin' eyebrow pluckin'  
Call me Tex-Mex, shuckin' diesel truckin'

Y'all need money, y'all need inspiration  
Got that milk breath with a hesitation  
Oval Office, nature of the beast  
Cold profits, reachin' towards the East

We so effervescent, get yo' panties stretchin'  
Got your kid in the alley, teach him a lesson  
He's confessin', we know what you after  
I'm thinkin', movin' faster than puppet master

My mental, mental, mental side effects  
Without a flaw we give you more  
My mental, mental, mental side effects  
We come first, you drool with thirst

My mental, mental, mental side effects  
You drool with thirst, who come first?  
My mental, mental, mental side effects  
We give you more without a flaw

I'm pickin' up money, rollin' with homies  
Leavin' them lonely, only few, I'm stickin' to Jakes, new  
cake shit  
Sometimes they call me, wishin' they knew me  
Nuttin' can move me, groovy

Sayin' I'll call, political, radical  
And at you all, I'm doin' it  
Tellin' me, oftenly  
Surprising me, they payin' me  
Comin' to slang, tryin' to hang  
I'm sittin' on thangs, that's real big

You don't know, you don't show  
No cash flow, the chicks know  
Riffin' and steppin' no weapon and dead 'em  
You send 'em, I kill 'em, you reckon

The money we make, the hookers we take  
Your pockets we shake for cake  
Homey, I promise, Jakes ain't honest  
Tarnished Jakes ain't modest duke

My mental, mental, mental side effects  
Without a flaw we give you more  
My mental, mental, mental side effects  
We come first, you drool with thirst

My mental, mental, mental side effects  
You drool with thirst, who come first?  
My mental, mental, mental side effects  
We give you more without a flaw

Benjamin, Kenneth did a good job with the Germans  
behind you  
In your mind you think you're incredible  
But Benny, I wore the Black Elvis wig  
Now, you wear it

I took off the wig, you just puttin' it on  
I got bored and left L.A.  
I'm very impressed, Benjamin  
You just movin' into L.A.

Are you a star fool?  
Or do you wanna put down that pride you hide  
And do a track together?  
You let me know Benjamin
