You really don't scare me  
Because it's easy to see  
That you don't have what it takes  
To back it up  
You think I'm gonna freeze  
And beg you don't hurt me please  
If you think that  
You better think again

No matter how much you pry  
No matter how hard you try  
You will never bring me to your level

You wanna take a stand  
You just don't understand  
That you are fighting the wrong war

Can't let it go - Can't take it slow  
Don't wanna sink to your plane  
I can let it go - I won't sink that low  
You just want someone to blame

You really don't scare me  
Because it's easy to see  
That you don't have what it takes  
To back it up  
You think I'm gonna freeze  
And beg you don't hurt me please  
If you think that  
You better think again

Can't let it go  
Can't take it slow  
You just can't keep it contained

I can let it go  
I won't sink that low  
Can't get it through your thick brain

Can't you be wrong  
Don't wanna take you on  
Don't wanna sink to your plane

Can't let it go  
Can't take it slow  
Friend there's nothing to gain

I can let it go  
Don't have to sink so low  
How can I make it more plain
