Only the strong survive  
So that the rich can thrive  
Everyone else is deprived

The brutal way of the third world  
is in my face  
Makes you wanna defect  
From the human race

You never thought there could be  
So much suffering and misery  
So many people  
Living in utter depravity

Democracy is declined  
Keep the masses in line  
Just tell them everything is fine

The bitter wine of the third  
world is in my veins  
The bloody past of  
my homeland is my shame  
Can't erase all those  
images in my mind  
As I try to forget what I left behind

Crimes! Rapes! Drugs! Shame!  
Crimes! Rapes! Drugs! Shame...

People still fighting for money...  
Religion...  
Color of skin...

Injustice in the third world will persist  
Because we will never decide to  
Refuse and resist, no  
Can't speak your mind  
You gotta keep your mouth shut, yeah!  
Keep your rage inside  
Burning in your gut

Living in the third world.
