What I've become is what you'd never want to see me
be
I live a life that's full of filth, disgrace and apathy
I travel down a road that's paved and made with this
disease
So I'd advise don't waste your time and try to save me

I am the perfect product of the wrong place and time
I'd rather die than try to better my life
There is nothing in everything, I see nothing in anyone
I find nothing in anyone, there is nothing in everything

Now do you blame me for my lack of faith? Oh

Ignorance is my best weapon
And I will use it till the day I fuckin' die
Ignorance is my best weapon
And I will use it till the day I fuckin' die

So what the fuck did you think?
Did you think there was more?

What I've become is what you'd never want to see me
be
I live a life that's full of filth, disgrace and apathy
I travel down a road that's paved and made with this
disease
So I'd advise don't waste your time and try to save me

Innocence, I gave up long ago
Innocence, it means nothing to me
It means nothing to me
It means nothing to me
Did you think there was more?

Innocence, it means nothing to me
Innocence
Innocence, it means nothing to me
