Song : S.O.S.

I live in Tigerland I'm an indiana man

I'm used to walk around with a snake in my hann

Dr Bombay is my name and my father has the same

But everything it changed here in Tigerland

S O Sthe tiger took my father

S O Sthe tiger took my brother

S O Sthe tiger took my mother

S O Sthe tiger took my family

We lived outside Calcutta in a little wooden house

I lived there with my family and 21 cows

But now they all are gone and life is not so fun

But what can you expect here in Tigerland

S O Sthe tiger took my father

S O Sthe tiger took my brother

S O Sthe tiger took my mother

S O Sthe tiger took my family

One day in the warm jungle the Tiger took my snake

It wasn't really fun it was a big mistake

I took my brother's slingshot and shot the tiger down

(Bang!)

This is howw we do it here in Tigerland

S O Sthe tiger took my father

S O Sthe tiger took my brother

S O Sthe tiger took my mother

S O Sthe tiger took my family
