Yo! My name is Dr. Alban, the MD - Microphone Doctor. This song is dedicated to the people of  
Afrika

SweMix, gimme some drums!  
Hello Africa, tell me how you're doin'  
Hello motherland, tell me how you're doin' (2X)

Hello Nigeria! That's my motherland  
Coming to Sweden now causin' hysteria  
Takes a long time to travel the globe  
So why be shy? Why be humble?  
I just came straight of the jungle  
You can't compete with me  
'Cause you know I got the rhythm  
I did it before and I'll do it again  
So listen watcha say, yeah hear my point of view  
Not everyone can do this, no, in fact only a few  
Sophisticated, hardcreated, that's who I am  
And you know I've been waiting, so start pumping,  
Make some noise  
The Mandika tribe, the Hausa tribe, the Fulani tribe,  
The Gooya tribe, The Zulu tribe,  
Mi no live in a house, mi live in a tree  
Electricity can give you a shock  
Mi no smoke no cig, mi no take no coke  
All mi take is a glass of juice

I have been mourning, I have been grieving  
I have been crying, no more tears in my eyes  
There's a hottie hottie wind blowing south to north  
Following on my head, drying all my plants  
If there's a mercy in the clouds,  
Who know the right is never wrong?  
Move the sadist off my back  
And stop the fire burning in my home Afrika  
Here comes the news from mighty Lord

Transqualation is about to come to Earth, right  
Rapping is digging down river north to south  
To let milk and honey flow side to side  
My name is Alban, mi is a dentist,  
Mi DJ here, mi DJ there  
Mi have a shop on Slojdgatan, Alphabet St. is da name  
Mi live in no house, mi live in a flat  
Electricity can give you a shock  
Mi smoke no cig, mi take no coke  
All mi takes is a glass of juice  
  
Mmm, jumping on the mic  
'Cause me a rockin' up affection  
When I'm holdin' me a mic  
'Cause me awesome effectious  
What you say to me, me a fun a me warm  
Spend some me a time on the tresittia dime  
Don't you try to follow me you ought to realize  
What me are what me a really want  
Me not fryin', no, I'm just coolin'  
Come on now just set if off
