Artist : Bombay Dr

Song : S.O.S.

I live in Tigerland I'm an indian man
I'm used to walk around with a snake in my hand
Dr Bombay is my name and my father has the same
But everything it changed here in Tigerland
S O S the tiger took my father
S O S the tiger took my brother
S O S the tiger took my mother
S O S the tiger took my family
We lived outside Calcutta in a little wooden house
I lived there with my family and 21 cows
But now they all are gone and life is not so fun
But what can you expect here in Tigerland
S O S the tiger took my father
S O S the tiger took my brother
S O S the tiger took my mother
S O S the tiger took my family
One day in the warm jungle the Tiger took my snake
It wasn't really fun it was a big mistake
I took my brother's slingshot and shot the tiger down
(Bang!)

This is how we do it here in Tigerland
S O S the tiger took my father
S O S the tiger took my brother
S O S the tiger took my mother
S O S the tiger took my family
