I'll can't fly
Just look at me
It ain't even a god damn possibility

Oh and I'll know that Saturdays, they are a bust
They're over when you wake up
And immediately you're drunk

Oh I'oh I love so she can break my heart
Love's over when it's ending
But it's ending from the start

Oh and I... I can't fly
Just look at me
It ain't even a god damn possibility

Oh but when I was younger
Oh those souls, they seemed so real
But now I'm just a little bit
Older!
Oh, and now I'm just a little bit
Older!
And I know, Lord I know, that they lie

Oh I'll know parties, they are a drag
The girls all think you're no good
When you want them so bad

Oh and I... I can't fly
Just look at me
It ain't even a god damn possibility

But when I was younger
Those souls seemed so real
But now I'm just a little bit
Older!
And now I'm just a little bit
Wiser! Older!
And I know, Lord I know, that they lie

Oh why do they do it?

Oh why do they lie?
Oh and why do I keep asking myself and wondering
why?
When I know that they thought that it was true
Ooohh, they thought it was true

Oh why do they do it?
Oh why do the lie?
Oh and why do I keep asking myself and wondering
why?
When I know that they thought it was true
