

Dr. Death

"Oh Me Oh My"

Visit "[Oh Me Oh My](#)" on MotoLyrics.com

Sit on the porch smoke cigarettes
Watching the cops drive by outside
Oh me oh my
Thinking of night the devils delight
Watching the bugs fly by your eye
Oh me oh my
Oh me oh my

Run along baby the sun is gone
Carry on you're so far from home
And sleep we'll be together in a dream
We'll be together when we wake up in a cloud on the
ground

You're safe in your house, you dog and your mouse
The painting of musical night
Oh me oh my
You think of your mother, your job, and your brother,
And suddenly you're outside, oh my
Oh me oh my
Oh me oh my

Run along baby the sun is gone
Carry on you're so far from home
And sleep we'll be together in a dream
Well be together when we wake up in a cloud on the
ground
