The weekend is coming soon
Well it's time to pick yourself up off the floor
Well let's grab a case of lager
And some old beat up shoes
Head down to the river
I'll strap on a canoe
We've got every kind of good girl comin' down
You just grab your banjo man
Try to sell some out
We'll play the songs we always, always sing
I can take and tell a line
You can take the lead
We'll all have, a weekend awesome

Weekends coming soon
Well let's start watching TV
And washing dishes too
We've got all the time the weekdays, and all day
So lets spend it all and celebrate
Just pretend we all got paid
We'll all have, a weekend awesome

Well I know just what to do
Cuz I've been here before
Cuz I know what I have
Well I've been here before
Yes I've been here before
Well I've been here before
Well I've been here...
