

Dr. Dog "Later"

I've got a job, I've got to move this paper
I guess it's all the same to you
But I can't sit around and wait
Can't sit around and wait for you

It never works, you said you'll call me later
And then you never ever do
I just can't sit around and wait
Can't sit around and wait for you

Now I'll just have another cup of coffee
I'll sit around and wait for you

I always knew, yeah, I always knew
You were a liar
I'm not a king, I'm not a cop
I'm not here to punish you, no

When I really can't see anymore
For what the fuss is all about

Not my career
To wait and do you favors
I guess it's really enough to know
I just can't sit around and wait
Can't sit around and wait for you

When I'm running late
You call the undertaker
Because you've got so much shit to do
But I can't sit around and wait
I can't sit around and wait for you

I'll just have another cigarette
I'll sit around and wait for you

I always knew, yeah, I always knew
You were a liar
I'm not a king, I'm not a cop
I'm not here to punish you, no

When I really can't see anymore

For what the fuss is all about

I'll just have another cup of coffee

I'll sit around and wait for you

I'll just have one more cigarette

I'll sit around and wait for you

I guess I really will

I'll sit around and wait for you
