### "Leave Me Alone"

Visit "[Leave Me Alone](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Yeah

To all my fans

The people, who don't know..

What I been goin through

To make my, own..

Now it's time to hurt your feelings as I upsets music industry fan

Hey yo my man, look at my hand, they look human right?

You think I'm a monster, I'll circus clown

Not a specimen, don't look at me funny when I come around

A&r been tryin to figure me out for years

Tryin to re-duplicate me but they can't so they hate me

While white boys run the head of black music with a japanese assistant

What does a chinese kid know about the rap game?

that's a shame

As I see and watch on bet

There's a million uncreative rappers tryin to be me

I'm startin to feel like jimi hendrix

When they covered the story who started rock

Magazines put blankets over my interviews

They don't wanna see me on channel 7 news, tellin the truth

Off the project roof, they always have secret spies with eyes

Watchin me recordin my album, send in producers with wack tracks

And dat's, messin up my whole format

Can you imagine somethin on the kneeboard with con-funk-shun?

With an alternative hippie kid from the record label watchin your back

Talkin about, "mariah carey's funky,"

Makin the average group buckdance like a barrel full of monkeys

While I break out to shoppin mall he's makin a quick phone call

About my sound is too new and different

I need to be regular like dru hill and a little more ill  
(hey keith, we want you to be ill)

Leave me alone, leave me alone!  
(politics, politics..)  
Leave me alone, leave me alone!  
(politics, politics..)  
Leave me alone, leave me alone!  
(politics, politics..)  
Leave me alone, leave me alone!  
(politics, politics..)

Of course I'm hard to work with cause you hard to work  
with  
I don't wanna meet insane clown posse and collaborate  
I'm tryin to innovate and think quick at a fast rate  
Why you mad cause I'm original - you can't do the  
material  
When I sit back and watch you act big  
Spend your budget on your video  
I'm in one of my three luxury apartments eatin raisin  
bran cereal  
While you front low, I take my bike ride down to wells  
fargo  
How long is it gon' take, nine-hundred-thousand in  
clear  
Takin with a clear, I don't need a benz this year  
Took care of my paperwork  
Takin united taxi out to vegas  
While the average r&b group is doin a promo concert  
Ignorin your phone calls from broke labels  
Who try to put out underground mc's  
Tryin to get me to rap on a wack jazz track for one g  
How dare you try to insult me?  
I got 40 grand for three minutes to write a song with  
prodigy  
Other crews don't get budget, got the nerve to call me  
Welcome to the business, stand as a witness  
Work on your stomach, do physical fitness  
I ain't playin, all this african stuff all look the same  
I don't need a joey neckbone puttin his artwork on my  
cd  
Drawin apple jacks and honeycomb with me sittin on  
the throne  
No I'm takin a regular picture by the hotel st.  
bonaventure  
Besides I do wear a coat in the winter  
And eat at beautiful resteraunts

Leave me alone, leave me alone!  
(politics, politics..)

Leave me alone, leave me alone!  
(politics, politics..)  
Leave me alone, leave me alone!  
(politics, politics..)  
Leave me alone, leave me alone!  
(politics, politics..)

Why you think I should wear a motorcycle helmet? ?  
Why don't you wear it? ! put on some wings like a  
parrot  
Let's discuss this contract  
Why are you hypin up a normal female group with fat  
cellulite  
That sound wack? most of y'all goin out like uncle tom's  
Like louis armstrong  
Wearin a tattoo and goin onstage like tracy chapman  
I cancelled a big tour cause I was prepared  
Y'all on the road with per diem money and y'all scared  
While y'all walk and look hard  
Your manager got his name all over your versatile card  
And plus this video treatment sucks  
The fish lens effects, the lens to the camera only cost a  
hundred bucks  
Look at the director, tryin to tell me what to do  
I done this before, 14 degrees freezin cold  
Doin \_poppa large\_ with a cage on my head, that's  
dead  
Don't get your imagination too messed up  
I'm wearin a yankee hat and a starter I'm not dressin up  
How you gonna tell me what to wear? !  
I don't need mascara and a stylist  
Save that for a big rock group like pantera  
Experience, next plateau, mercury, wild pitch, emi,  
capitol, dreamworks  
Never got dropped  
Put my lyrics away and stopped  
Too many people with hands in my projects  
Havin fantasies of me bein superman you bein stupid  
man  
I'm like prince, you might see me once every five years  
At the record company  
While most of y'all live at the label  
Beggin for your rent and car notes to be paid  
Under the table, doin routine dances for advances  
(ooh, you get involved!)

Leave me alone, leave me alone!  
(politics, politics..)  
Leave me alone, leave me alone!  
(politics, politics..)  
Leave me alone, leave me alone!

(politics, politics..)  
Leave me alone, leave me alone!  
(politics, politics..)
