Just the other day at the supermart  
Somethin' caught my eye, somethin' grabbed my heart  
Every big time star in every magazine  
Is sayin' Betty Ford is what's happening

Wo, let me in to the Betty Ford Clinic  
Where all the hippest people stay  
Though I don't do no drugs or booze  
There ain't no substance I abuse  
Oh Betty, don't refuse me anyway

Well a boy like me, where's he gonna go  
Just to hobnob & rub elbows  
With Liz & Liza & Chevy Chase?  
Well, Betty Ford is the only place

I got to get in to the Betty Ford Clinic  
I got to find a way, I swear  
Though I never have been strung out  
I would love to say I hung out  
With the stars who check in there  
Hey, here comes one now!  
Wo, what's he on?

I'll stroll along with Jerry Lee  
We'll play ping pong & watch TV  
I can't worship my role models  
While they're weaning from their bottles  
But Betty, baby, please consider me

Wo, let me in to the Betty Ford Clinic  
Where all the hippest people stay  
Though I don't do no drugs or booze  
There ain't no substance I abuse  
Oh Betty, don't refuse me anyway  
Though I don't shoot nor sniff nor snort  
I'm just dyin' to cavort  
Oh Betty, I'll do anything!  
By the way, did I ever tell you that I think your husband  
was the finest President that this country has ever  
known?

Betty, please commit me right away  
Bottoms up
