(larry williams)

I got a girl named bonie moronie  
She's as skinny as a stick of macaroni  
When she rock and rolls with her blue jeans on  
She's not very fat, just skin and bones  
I love her, she loves me  
Oh, how happy now we can be  
Making love underneath the apple tree

Well, I told her mama and papa too  
Just exactly what I wanna do  
I wanna get married on a night in june  
Rock and roll by the light of a silvery moon  
I love her, she loves me  
Oh, how happy (now) we can be  
Making love underneath the apple tree

- guitar solo -

When she rock and rolls with her blue jeans on  
She's not very fat, just skin and bones

Oh, how happy we can be  
I love her, she loves me

Making love underneath the apple tree  
Making love underneath the apple tree

Blue marked words were sung or not, depending on the version.

The following verse always is left out because Dr feelgood serve this song with a bit of 'tequila':

She's my one and only, she's my heart's desire  
She's a real upsetter, she's a real live wire  
Everybody turns when my baby walks by

She's something to see, she really catches the eye
