Standin' there by the window  
Starin' out of the night  
You got so many troubles  
Of a nervous mind  
But don't worry baby  
S'gonna work out fine

You hear the sound of footsteps  
Steal across the floor  
You pick the receiver  
You don't know what for  
Then you saw a shadow  
Steppin through the door

Why don't worry baby  
What the world may bring  
Why don't worry baby  
It won't change a thing  
Cause life is a fight  
And then you die

Standin' there by the window  
Starin' out of the night  
See your lover leaning  
Against the old street light  
But don't worry baby  
S'gonna be alright

He was a tossin' and turnin'  
And he just couldn't sleep  
Said you shouldn't bother  
It was just a dream  
So where was he goin'  
Headin' down the street

Why don't worry baby  
What the world may bring  
Why don't worry baby  
It won't change a thing

Because life is a fight  
And then you die
