(steve walwyn)

I called you last night about half past nine
You said you was out but I knew you was lyin'

You double crossed me baby
Cheatin' on me too
When are you gonna understand
Someone double crossin' you

I knew you was in when you said you was out
When you gonna tell me what it's all about

You double crossed me baby
Cheatin' on me too
When are you gonna understand
Someone double crossin' you

Double crossed me baby
Cheatin' on me to
Double crossed me baby
Cheatin' on me to
When are you gonna understand
Someone double crossin' you

- harmonica and guitar solo -

I ran to your house just as fast as I can
I saw you in the arms of another man

You double crossed me baby
Cheatin' on me to
When are you gonna understand
Someone double crossin' you

I called you again it was past midnight
Somebody turned out your bedroom light

You double crossed me baby
Cheatin' on me to
When are you gonna understand

That someone's double crossin' you

Double crossed me baby

Cheatin' on me to

Double crossed me baby

Cheatin' on me to

Double crossed me baby

Cheatin' on me to

When are you gonna understand

That someone double crossin' you
