My baby don't have to work
She don't have to rob and steal
My baby don't have to work
She don't have to rob and steal

I'll give my baby everything that she want's
I'm a - I'm a - I'm a - I'm a - I'm a
I'm a drivin' wheel

I'm a drivin' wheel

Well she left me early this morning
She said she would be back soon
She left me early this morning
She said she would be back soon

She said she'd be back early by the morning
Now it's late late late late late on a saturday afternoon
A saturday afternoon

- guitar break -

Well I wrote my baby a letter
I don't want nobody to break the seal
I wrote my baby a letter
I don't want nobody to break the seal

I want this letter to go straight to my baby
I'm a - I'm a - I'm a - I'm a
I'm a drivin' wheel

I'm a drivin' wheel
I'm a drivin' wheel
I'm a drivin' wheel
