People tell me about bad breaks
Business is bad and the loss they've made
Don't give me your mistakes
That's one line I can't take

Man I don't wanna know

Seen the look in a young girls eye Her needs to love but bye and bye She'd drag me down if she could And I know that ain't no good

Girl I don't wanna know

- guitar break -

Work for money and not for fun It don't bother me if the job ain't done I don't care what the boss may say Do my job, get my pay

Man I don't wanna know
