Well I'm standing at the crossroads again
With an empty heart and a dollar ten
Maybe I'll bump into some famous names
Robert johnson, elmore james
I'm standing at the crossroads again

Well I woke up this morning like I usually do
My baby was nowhere around
I looked in the mirror, I looked in the hall
In my slippers and my dressing gown
There were lipstick traces on the bedroom door
Goodbye she wrote, I don't want you no more
I guess I'm not the man she was looking for
But just the man she found

Well I'm standing at the crossroads again
With an empty heart and a dollar ten
Maybe I'll bump into some famous names
Robert johnson, elmore james
I'm standing at the crossroads again

Here I am on my own again
Where did I go wrong this time
I treat them good like a gentleman should
And I never ever step out of line
I'm no kid I know my way around
Six foot six, I weigh 200 pounds
But I can't hold no romance down
Maybe I should give up trying

Well I'm standing at the crossroads again
With an empty heart and a dollar ten
Maybe I'll bump into some famous names
Robert johnson, elmore james
I'm standing at the crossroads again

Well I'm standing at the crossroads again
Well I'm standing at the crossroads again
