Vagina was made for the penis

Not penis for penis

Not penis for anus

Adam was made for Eve

He was not made for Steve

No if's no but's nor maybe's

Dicks and butts will make no babies

Man to man is so unjust

Man to man just brings disgust

I don't even like the word bottom

Never gonna get to the bottom of things

Never gonna hit rock bottom

No never gonna go to the bottom of a street

I don't like Marvin Gaye

Why is her named Peter Gaye

If I should sprain my ankle

I will never use Bengay

Pussy a wey buddy fi a go inna forever
