Listen to me baby - hear what I got to say  
Listen to me baby - hear what I got to say  
I'm going round the corner  
To have a drink of tanqueray

Come on baby - and do like I say  
Come on baby - and do like I say  
We're going round the corner  
And have a drink of tanqueray

Long time coming - but I knew I'd see a day  
It was a long time coming - but I knew I'd see a day  
When you and I could sit down  
And have a drink of tanqueray

- various soli -

Was a long time coming - but I knew I'd see a day  
It was a long time coming - but I knew I'd see a day  
When you and I could sit down  
And have a drink of tanqueray
