(hammer/frauenberger)

I smoke five packs of cigarettes a day
It was the hardest thing to put them away
I drink four-five bottles of wine
I had a glass in my hand all the time

Thought breakin' those habits was hard to do
Not compared with the changes you put me through

Tryin' to live my life without you baby
It's the hardest thing I'll ever do
Tryin' to forget the love we once shared
It's the hardest burden I'll ever bear

I got the worst reputation around
Chasing all the women in town
I thought changing my bad livin' was hard to do
But the hardest habit baby, was loving you
I'll done all the things that I'll had to do
It's gonna take a miracle to get over you

Tryin' to live my life without you baby
It's the hardest thing I'll ever do
Tryin' to forget the love we once shared
It's the hardest burden I'll ever bear

- guitar break -

I smoke five packs of cigarettes a day
It was the hardest thing to put them away
I drink four-five bottles of wine
I had a glass in my hand all the time

Thought breakin' those habits was hard to do
Not compared with the changes that you put me
through

Tryin' to live my life without you baby
It's the hardest thing I'll ever do
Tryin' to forget the love we once shared

It's the hardest burden I'll ever bear

Tryin' to live my life without you baby

It's the hardest thing I'll ever do

Tryin' to forget the love we once shared

It's the hardest burden I'll ever bear

(repeat to fade)
