(peter a. green)

I don't look for no worries
Worries and troubles come around
I don't look for no worries
Worries and troubles come around
World keep on turning
Got to keep my feet on the ground

Nobody saw me crying
Nobody knows the way I feel
Nobody saw me crying
Nobody knows the way I feel
The way I loved that woman
It's bound to get me killed

- guitar break -

Love the little girl so good
Make my low down body come
Love the little girl so good
Make my low down body come
I need that woman so bad
I need her like the sky need the sun
