Sheila sheila well what you know
I should have said this a long time ago
You got a case of the shakes
A case of the shakes
You make me tired when your permanently wired
Baby got another classic case of the shakes

Getting out of bed you just can't stand
Stir your coffee with a shaky hand
You got a case of the shakes
A case of the shakes
You make me tired when your permanently wired
Baby got another classic case of the shakes

Listen baby now listen good
You won't come down and I wish you would

A case of the shakes
A case of the shakes
I think it's time that you started trying
You'll be dying with a case of the shakes

Don't just think you're the only girl
I some times think that the rest of the world
Has got a case of the shakes
Case of the shakes
You make me tired when your permanently wired
Baby got another classic case of the shakes

Case of the shakes, got a case of the shakes
(to fade)
