"COME OVER HERE"

Visit "[COME OVER HERE](#)" on MotoLyrics.com

I like the way that you switch when you walk
I like the way that you speak when you talk
Everything you do is alright by me
It's getting late now don't you agree
We can dance all night under the stars up above
Come over here if you wanna make love

Chorus

Come over here if you wanna make love
Don't hesitate don't you push me and shove
I know a place we can go for a spin
Just me and you, don't wanna bring a friend
We can dance all night under the stars up above
Come over here if you wanna make love
Come over here if ya

Guitar break

The time has come to stop messin' around
All of this talking they turn us down
I'll ask you again, because it's here for free
How would you like to spend the night with me
We can dance all night under the stars up above
Come over here if you wanna make love

Chorus

Guitar break, Outro
