I want to make violent love  
To you by the moon above  
I want to make violent love to you

I want to kiss every night  
And hold and tug you tight  
I want to make violent love to you

I don't want to be frantic  
I don't want to cramp your style  
You're driving me into a panic  
You almost drive me wild

I want to make whoopee too

And have a little fun with you  
I want to make violent love to you

I don't want to be frantic  
I don't want to cramp your style  
You're driving me into a panic  
You almost drive me wild

I want to make whoopee too  
And have a little fun with you  
I wanna make violent love to you

To you  
Oh, babe, to you  
Violent love to you  
Violent love to you
