Chorus (Martha Wash):

Hey baby, say I got what you need
We can do some cardio
Baby you and me
Hey baby, wanna make you move
I can work you out
I can make you groove

Gon' Make you move (16x)

Verse 1 (Lex):

We party hard like Bacardi
Her body's tight from pilates
Karate boots by Armani
Ha, like she could train a whole army
Whoa
She's so tae bo
And we take shots
Til' the clubs closed
Jane Fonda
Get to the sauna
Bump iPhones call her mañ±ana
In the meantime twist that lime
And we can go where the sun don't shine
I can cosign on that coast line
Thin waistline she can go the whole nine
Who made you star on the boulevard
All cash no need for a credit card
We're Doctor Hollywood
When I make you sweat it feels so good

Chorus:

Hey baby, say I got what you need

We can do some cardio
Baby you and me
Hey baby, wanna make you move
I can work you out
I can make you groove

Gon' Make you move (16x)

Verse 2 (Louie):

She's got her headband, ponytail, high-tops laced up
She's all natural no need more makeup
Hey love, You got my full attention with the way that
you're
Working it, workin it, workin it, workin' it.
Lil miss competitive might win if I let her
Cuz anything she can do I can do better
Wait up, She's got my full attention with the way that
she's
Workin' it, workin' it, workin' it workin' it

Chorus:

Hey baby, say I got what you need
We can do some cardio
Baby you and me
Hey baby, wanna make you move
I can work you out
I can make you groove

Gon' Make you move (16x)

(Hook plays twice)
