I'm your friend you can talk to me  
I read your fate I see misery  
'Cause the one you love has left you dry  
Don't start believin' that you're gonna die  
Just pick your heart up off the floor and try, try again

You'll find  
Better love next time baby, don't give up and I know  
you're gonna find  
Better love next time baby, someone will be waiting  
down the line  
With better love, better love, better love, better love  
next time

Sometimes it's better to let it all go  
I've been there and I think I should know  
So have a good cry, wash out your heart  
If you keep it inside it'll tear you apart  
Sometimes you lose but you're gonna win if you just, if  
you just, keep hanging in

You'll find  
Better love next time baby, don't give up and I know  
you're gonna find  
Better love next time baby, someone will be waiting  
down the line  
With better love, better love

Better love next time baby, don't give up and I know  
you're gonna find  
Better love next time baby, someone will be waiting  
down the line  
With better love, better love

Better love next time baby.....
