[Verse 1: DMX]

I'mma take it back to the shit talkin' slick talkin'
Slap a nigga and call him my bitch and keep walkin'
HALF Y'ALL niggaz is pussy
The other half of y'all niggaz is fake thugs so please
don't push me
If we was in jail you'll be in the pool playin' in the air
pressure
Leave you up on the stretcher nigga I'm gon test you
try your hand
When they carry you out I'ma tie your man
But these cats ain't built like your killed like
Blood gets spilled like poke a nigga tonight
Bang bang HA! It hurts
The fuck you screemin' on me for I'm puttin' in work
We leave more bodies than the bloods and crips
This is how it's goin' down nigga thuggin' a bitch
Fuck a nigga wit we on the same bullshit y'all niggaz on
lets get it on

[Hook] [2X]

You know how we roll nigga bring the noise
Y'all don't wanna fuck with them boys
Come on dog put away them toys
Cause I'ma put in a clip and you'll get yours

[Verse 2: DMX]

No matter how many cats he brought wit'um I'ma
split'um
Hair raised on my back get low and hit'um
Stoped him dead in his tracks
Known damn well you ain't known me what you said in
the past
Dogs don't know nothin' but bust that nigga
Dogs don't nothin' but fuck that nigga
Dogs don't know nothin' but suck my dick
When it comes to what happened dogs don't know shit
Did two years in one night
I popped two pills in one flight
Two ears in one light, aiight, aiight
That's what it is FOLLOW

Too many thick live niggaz wanna SWALLOW
Follow my mans and them
And get popped with yo mans and them is what Im
handin' them
It's hot things, drop things, stop things, drop things
Lookin' like a nigga like hot wings

[Hook] [1X]

[Verse 3: DMX]
Been around the block did my dirt
Earl stiral put in work till it hurt
I've seen less pussy in a stripe club fuckin' with y'all
niggaz
That means all y'all niggaz
Most y'all cats don't know what ruthless means
Will you be able to survive the truth I've seen
Cats would'nt be alive if you was on my team
But the truth is the ride is rough ya mean
Got me like GOD what the fuck
Dog gon bang somebodys getting' stuck
Back up the truck jump right the fuck out on niggaz
Empty the five out on niggaz
Hush muthafuckas don't you cry
Dog gon make sure that you die
Point blank range so the slug go through
Then I'ma hit yo crib and pop yo family to NIGGA!!
