(Shel Silverstein)

Some men need some killer weed, some men need
cocaine

Some men need some cactus juice, to purify the brain

Some men need two women, some need alcohol

Everybody needs a little something, but Lord I need it
all

To get my rocks off, get my rocks off

Get my rocks off the mountain, and roll 'em on down
the hill

I may do you one time, and I may do you more

I may turn you into something, that you ain't ready for

I might want your body, and I might want your bread

I might want your momma to come visit me instead

And get my rocks off, get my rocks off

Get my rocks off the mountain, and roll 'em on down
the hill

Sometimes I dream of chicks, to bring me ever lasting
joys

Sometimes I dream of animals, sometimes I dream of
boys

Sometimes I kill the living, sometimes I raise the dead

Sometimes I say just screw it all, and crawl back into
bed

And get my rocks off, get my rocks off

Get my rocks off the mountain, and roll 'em on down
the hill
