(Shel Silverstein)

On the way to the bottom I met an old friend of mine  
He said "Buddy, I do believe this is the end of the line"  
I said "The end of the line? Shoot, come on and have  
another round  
And if we're headin' for the bottom we still got a long  
way down"

On the way to the bottom we make a lot of stops  
And we'd meet a lot of fools bustin' their hopes on the  
way to the top  
Pass me another bottle and turn down the lights  
Forget about tomorrow, babe we're gonna rumble  
tonight  
I'll wear my low heeled boots you'll wear your taffeta  
gown  
And if we're heading for the bottom we'll go laughing  
all the way down

On the way to the bottom I met an ol' girl of mine  
She said "Honey, I'm scared, won't you love me one  
more time?"  
I said "One more time? Shoot, about a million more  
We had a whole lotta loving and a whole lot more in  
store"

On the way to the bottom we make a lot of stops  
And we'd meet a lot of fools bustin' their hopes on the  
way to the top  
Pass me another bottle and turn down the lights  
Forget about tomorrow, babe we're gonna rumble  
tonight  
I'll wear my low heeled boots you'll wear your taffeta  
gown  
And if we're heading for the bottom we'll go laughing  
all the way down...
