Let us pray

Lord Jesus it is you, who wakes me up every day

And I am forever grateful for your love..

.. this is why I pray

You let me touch so many people, and it's all for the good

I influenced so many children, I never thought that I would

And I couldn't take credit for the love they get because it all comes from you Lord;

I'm just the one that's givin it

And when it seems like the pressure gets to be too much

I take time out and pray, and ask that you be my crutch
Lord I am not perfect by a longshot -- I confess to you daily

But I work harder everyday, and I hope that you hear me

In my heart I mean well, but if you'll help me to grow then what I have in my heart, will begin to show

And when I get goin, I'm not lookin back for NOTHIN

Cause I will know where I'm headed, cause I'm so tired of the sufferin

I stand before you, a weakened version of, your reflection

Beggin for direction, for my soul needs resurrection

I don't deserve what you've given me, but you never took it from me

because I am grateful, and I use it, and I do not, worship money

If what you want from me is to bring your children to you

my regret is only having one life to do it, instead of two

Amen
