[answering machine]

\*BEEP\* Thursday, June 28th, two, oh-two, A.M.

"I just called you and you said Domino's Pizza but,  
and you said you were on your way but there's just one  
problem,  
I'm all the way to fuckin Rochester, New York. Wrong  
ho!"

[DMX]

Uhh, yo yo

Yo, not this shit again

Dog gon' be a dog, y'knahmean? Motherfuckin dog!

Don't GET a dog, you can't take care of a dog

Gotta take care of the dog, y'know? Y'know?

Take it easy lady, y'know? Uh-huh

Give me a motherfuckin break - will ya?

Shorty was the bomb, brownskin honey with a little  
dough

Come to find out she was a little ho, but still yo

I pushed up, shorty had that ass like BLA-DOW

Had me schemin on how, I could get that now

Was like GIRLFRIEND (what?!) let me drop a bug in yo'  
ear

She was mine cause I told her what she wanted to hear

Was like yeah, she knew how it was goin down

She said page me, code zero, cause I know you get  
around

Didn't have a man but even if she did DEAD

Cause my game is tight like a stocking cap on a nigga's  
head

I said - we'll get up like nine or somethin

Don't act like, when I say that ass is mine I'm frontin

That night was right, she let me get that, hit that

Rip that, bounce it off the walls, flip that

But only, one thing went wrong, the rubber bust

But I didn't fuss cause dog, shorty was the bomb!

[Chorus: DMX \*singing\*]

Shortyyyy, UH!

We only did it for that niight

But maaan the pussy was good (uh-huh)  
But shorty's fuckin up my liiife, fuckin up my life  
Shortyyyy, UH!  
We only did it for that niight (just one motherfuckin  
night man!)  
But maaan the pussy was good  
(was gooder than a motherfucker, I ain't gon' front)  
But shorty's fuckin up my liiife (uh-huh)  
C'mon ma, give me a break

[DMX]

A few days later, I hit her up, just to keep it real (aight)  
Was like - whassup Boo, how you been, how you feel?  
(aight)  
She said - aight, but my friend's kinda late  
Today's the 13th, and it shoulda been here on the 8th  
I'm like - f'real?! Don't stress it, it'll come  
It better, cause I can't afford another, little one  
She said - neither can I, I said - cool  
cause I got mad shit to do and you still goin to school  
So at least we had the same thing in mind (uh-huh)  
Not to have this kid and, everything would be fine,  
BUT, I was blind  
to the fact that she was settin me up, for the kill (c'mon)  
Damn, why wasn't she, on the pill?  
And I still, would check on her like, once a week  
Sometimes I hit it, sometimes I didn't, but shorty was a  
freak  
And whenever I would speak on the baby  
Shorty would be like - I ain't havin this kid, is you crazy?

[Chorus: DMX \*singing\*]

But shortyyyy, UH!  
We only did it for that niight  
(man listen man, one motherfuckin night)  
But maaan the pussy was good  
(I ain't gon' front, pussy was good as a motherfucker)  
But shorty's fuckin up my liiife  
(Oh MAN this bitch is a fuckin HEADACHE!) fuckin up my  
life  
Shortyyyy, UH! (Shorty was definitely a bomb dog)  
We only did it for that niight  
(One motherfuckin night, AND I was drunk)  
But maaan the pussy was good  
(The pussy, MAN! Let me tell you)  
But shorty's fuckin up my liiife (Dog, this bitch is a  
problem)  
C'mon ma, give me a break

[DMX]

By now, wasn't lookin too good

Cause she wasn't doin things that she told me she would  
Like gettin the price checked out for what we had to do  
And it goes up another yard for every month after two  
and a half I had to laugh out of frustration (WHAT?!)  
Now she's fo' months, I'm ready to hit the bus station  
(man)  
If I was, still on that shit it woulda made me rob her  
Told her friends - DMX? Yeah that's my baby's father  
(uh-oh)  
Her lil' stomach is shown (uh-huh) so now the heat is on  
Maybe she'll see the light, if I start to treat her wrong  
Like if she thought that if she kept the baby she would  
keep me (what?)  
So I played the game on her level, got sneaky (aight?!)  
Let her have the kid, she said it was premature (uh-  
huh)  
Found out, she was six months, when she said she was  
four (uh-huh)  
So I left her with the pressure on the next man's arm  
But she'll be aight, cause shorty was the bomb (f'real)

[Chorus: DMX \*singing\*]

But shortyyyy, UH! (was the bomb)  
We only did it for that niight  
(I mean what, one fuckin night? C'mon ma)  
But maaan the pussy was good (man she sucked a  
mean dick)  
But shorty's fuckin up my liife  
(Now this bitch won't stop callin, what the fuck man?)  
Fuckin up my life  
Shortyyyy, UH! (She was kinda cute though)  
We only did it for that niight (All it takes is one night  
man, haha)  
But maaan the pussy was good (mmm-mm-mmm!)  
But shorty's fuckin up my liife (This bitch, has got to  
go)  
C'mon ma, give me a break
