Uh, uh, uh, uh

[Chorus]

Bring it! What?

We right here

We're not goin anywhere

We right here

This is ours and we don't share

We right here

Bring your crew cuz we don't care

We right here

Uh, uh, uh

[Verse 1]

One mo' time,

I gots to hit the streets off, make the streets talk

Let 'em know it ain't a sweet walk

This gon' be

The only joint made this year that'll knock 'til 2003

And y'all gon' see

That the hottest nigga out there, was, is, and will be me

Just like that

I can go away for a minute, do some other shit, but

bounce right back

And when it's on

I'm comin strapped, with some shit that'll spit from

dusk 'til dawn

And when you gone

Ain't no comin back in the morning, like that shit was a
dream

Nigga you gone

That's for real

Creep niggas like a seal, totin steel, stick a nigga make
him squeal

Oh my God

Those can't be the last words of ya man, damn ya man
was so hard

Come on!

[Chorus]

[Verse 2]

Here we go again
How many million did my last one sell? Fuck it, I'm goin
for ten
This never gon' stop; and every fuckin time I hit you
it's goin straight to the top of the charts
The champion
I'm a thoroughbred, my blood is strong, and I scratch
'til you done
Cross the line
And ain't no more scratches after that, straight up,
niggas is dyin
Yo, what the fuck
Is you cats doin runnin around like this, like you won't
get stuck
Yo, that's my word
I stay givin it to niggas, and I stay not really being
heard
But, y'all gone see
That the same things thou done to them, will be done
to thee
And then you'll know
That sometimes though you come thru the front,
you leavin out the backdo'
Come on!

[Chorus]

[Verse 3]

Bring the noise
And you better come with niggas you don't give a fuck
about,
Cuz you gone lose your boys
Cuz we don't play
And the silencer will silence any cocksucker with
somethin to say
Dog for life
Whether I'm on or off the leash I bite, streets are my
life
Click click boom {*gunshot*}
Another life taken too soon, another mother had a
funeral
Still waters run deep
And the pain is forever alive inside, makes it hard to
sleep
But I keep goin, goin
Shit I'm always careful when I walk, I'm always seein,
knowin
The dog gone live
Stay walkin the wire, over the fire, when I can I give

The dog is good
And how it's stayin dog gone fuck with the hood
The dog fuck with the wood

[Chorus] 2x

[DMX]
We right here
Uh, uh, uh

[Repeat until fade]
